About the Course

This 35-week course provides learners with an understanding of the knowledge needed when working directly with children and young people in a school or college environment. It will enable learners to gain an understanding of elements including children and young people's development, safeguarding their welfare, communication and professional relationships.

Learners need to be working or volunteering in a practical placement in Hounslow for a minimum of 3 hours per week for the duration of the course and in a learning environment (schools or college under 19 years) as they will need to demonstrate competence in both skills and knowledge. The placement arrangements must be made before enrolling and learners must produce a confirmation letter from the placement when they enrol.
