About the course

This FREE 16 week qualification course for (Entry 2 / Entry 3) ESOL Learners who would like to improve their digital skills to improve their life and for work and gain a qualification. If you have some experience using a computer, laptop, tablet or smartphone to access the Internet then this course could be for you.

During this course you will develop your digital skills and learn how to use digital technology. At the same time, you will learn the English language and vocabulary to talk and write about digital activities which will help you to understand the tasks in the exam, that you will sit at the end of the course.

You will work on your own and with other learners on different tasks so you also develop important life and work skills such as problem-solving, decision-making, prioritising, teamwork and independence.

This is a *face-to-face* course and we will provide devices for you to use in lessons.

Course Learning Outcomes

By the end of the course you will be able to:

- Use and manage your devices and your data storage; deal with simple technical problems
- Find your way around online; search for information and content to use.
- Create, improve and save word-processed documents.
- Use digital communications for different audiences (i.e. email and video calling).
- Work with online forms; approach online buying safely
- Work safely and responsibly online; protect your well-being.

Please note: To successfully complete this course you must commit to 100% attendance and punctuality.

You will be committing to 2 x 2hr lessons a week for 16 weeks. (This will be in addition to your ESOL course unless you decide to take a break to do this course)
