

# Floristry -

## Grow Your Own Flowers

### About the Course

This course is part of our Floristry Programmes, tailored for those who want to learn the skills and techniques to cultivate their own flowers. Whether for personal enjoyment or as a step towards a career in horticulture or related fields within the Creative Industries. It is suitable for both complete beginners and those with some prior gardening experience. While there are no specific entry requirements, some familiarity with basic gardening can be helpful.

### Course Learning Outcomes

- Be able to use gardening tools and equipment to grow flowers.
- Identify how to grow a variety of flowers in pots.
- Maintain a safe working environment.

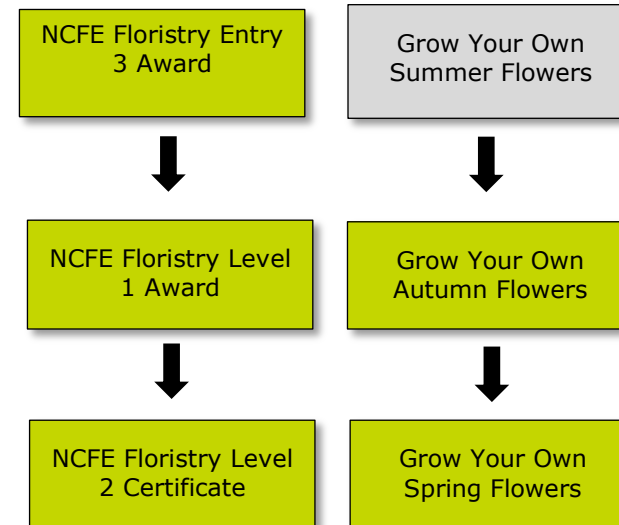

***Please note: To successfully complete this course you must commit to 100% attendance and punctuality.***

### What is needed for the course:

For this course, you'll need to bring in your own plants for each lesson. HACE will supply certain tools and basic materials needed for growing. For your first lesson, please bring a plant in a pot. As the course progresses, your tutor will provide guidance on the specific materials needed for each lesson.

***If you need any additional support, please call us: 0208 583 6000.***

### Progression Pathway

**We can also provide you with information, advice and guidance for employment or further learning.**
