

Multiply – Beginners

Sewing by Numbers

About the Course

On this course you will be making items from provided patterns. You will learn the essential skills of transferring a pattern from paper to fabric, fitting to your measurements and create the piece using a sewing machine.

The course might support your independent creative practice, support you to be able to make clothes yourself or provide additional skills as you are progressing in your creative craft learning. This course is designed for those that know how to use a sewing machine but have not worked with dressmaking before.

Course Learning Outcomes

- To improve your everyday maths skills to understand sewing.
- To take body measurements and match this to a pattern size correctly
- Read a dressmaking pattern and understand the visual language and measurements.
- Demonstrate the making of a basic garment, including darts, neckline and armholes.
- Prepare your work area in a healthy and safe way, with the equipment that you need

Please note: To successfully complete this course you must commit to 100% attendance and punctuality.

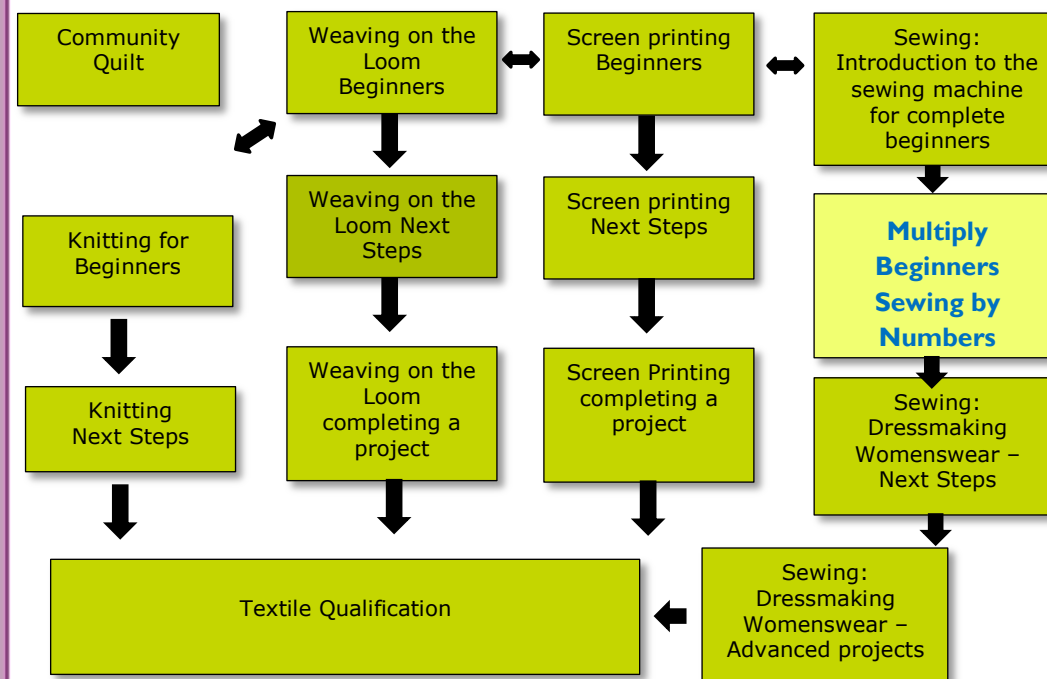

What is needed for the course?

To enrol on this course, you need essential sewing machine skills.

Essential materials will be provided but you might wish to bring your own material to realise your project. Your tutor will advise you further.
