

Photography - Introduction to the Digital Camera

About the Course

This course is designed to help complete beginners gain confidence in using a digital camera. If you don't have a camera, one will be provided for you during the lessons. You'll start by learning about the brief history of photography before diving into the basics of using a digital camera. The course also offers hands-on opportunities to try out photography, allowing you to see if it's the right fit for you. We hope that by the end, you'll be inspired to continue your photography journey with us.

Course Learning Outcomes

- A Brief History of Photography
- Use a digital camera

Please note: To successfully complete this course, you must commit to full attendance and punctuality. You will also be required to use basic digital skills throughout the course to access and support your learning materials.

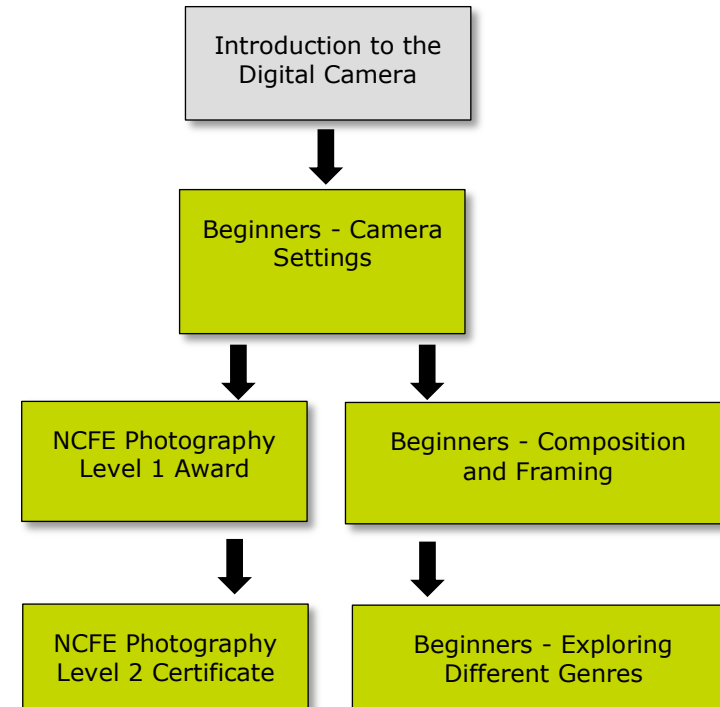

What is needed for the course

There are no learning requirements for this course. However, learners may find it helpful if they've already used a digital camera before, camera phone or taken any previous photography course.

All equipment will be provided to you on this course if needed.
