

Free fun workshop for  
parents with their  
children (age 5+)

# Free Recycling Workshop - Plants and Nature

## Tuesday 18th February 1.00 - 3.00pm

Meadowbank in Cranford (TW5 9QX)

### About the Workshop

We throw away a lot of rubbish, but what could be done if we looked at it in a different way? On this workshop you will be taking things that would usually go into our bins and use them to create a beautiful plant pot.

Come along to plant some seeds, take your pot home and watch what grows. Family learning programmes aim to give parents/carers and their children the opportunity to explore ways to learn together in a fun way.

### What is required to join the session?

- These sessions are for adults and children to work together - parents will need to supervise their children at all times.
- For health and safety reasons, children must be over the age of 5 to attend this session. **NO BABIES ARE ALLOWED.**
- **Please note we can only accommodate one adult to 2 children per family.**
- If your child needs any extra assistance within the class, please be sure to let our staff know when enrolling.
- It is important that you book your place on our workshop in advance.
- **Please bring along some clean recycling items from home that you would like to reuse to create something new, especially plastic pots and bottles.**

You can pick up an enrolment form from Meadowbank or Kingsley Academy.  
Visit [www.hace.ac.uk](http://www.hace.ac.uk) for more information  
or call 020 8583 6000 to book your place
