

Multiply: Knitting Next Steps

About the Course

This course is part of our creative specialist programme designed to enable learners to develop their practice in textiles and applied arts. Once you have completed this course you can continue your learning on one of our knitting progression courses to gain confidence and advanced skills. You could also join a social knitting group, either locally or online to continue knitting as a hobby.

On this course you will develop your maths and knitting skills to help you grow confident in your practical knowledge about different yarns, materials and size specifications. You will explore colour work, structure and shaping to prepare you to follow knitting patterns on an intermediate level.

Course Learning Outcomes

- Knit patterns with colour work
- Create volume and structure in your knitted work
- Select the appropriate needles for your knitting project, by choosing the right material and size
- Improve your everyday maths skills to understand knitting
- Select the appropriate type of yarn for your knitting project, depending on the use of the product
- Read an intermediate knitting pattern, understanding the terminology and symbols

Please note: To successfully complete this course you must commit to 100% attendance and punctuality.

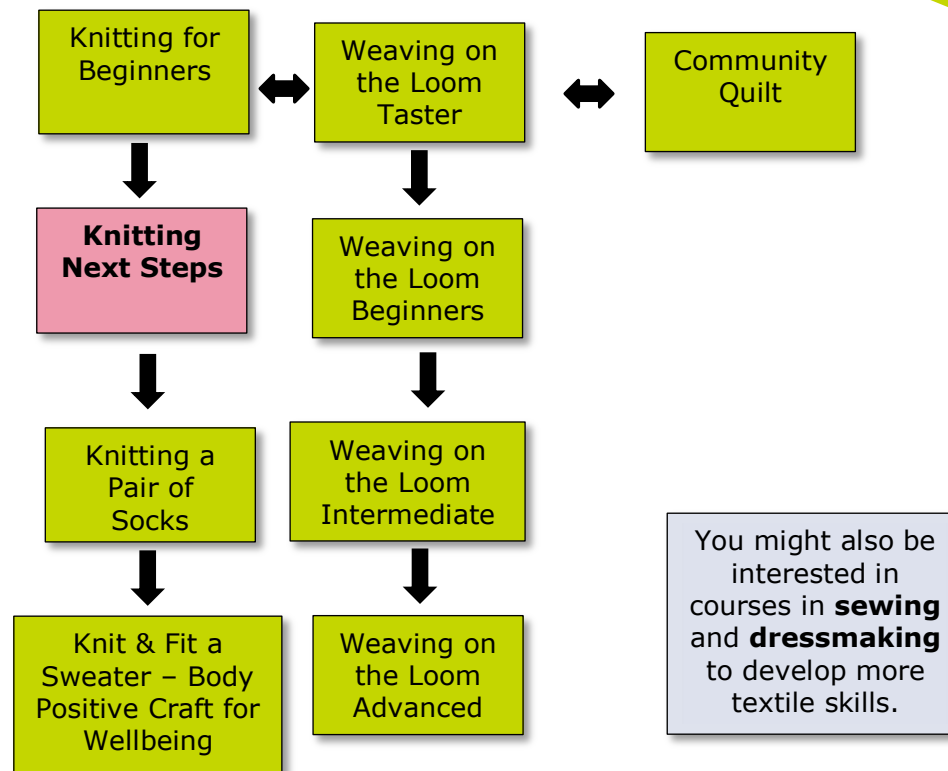

What is needed for the course?

You will be asked to bring your own pair of knitting needles and yarn for the course. Your tutor will advise you further.
