

Chair Yoga 1 for Wellbeing

About the Course

This 10-week Chair Yoga for Wellbeing course is designed to gently support your physical and emotional health using accessible, seated and supported yoga practices. Throughout the programme, you will explore simple movements that help improve flexibility, balance, and everyday mobility, all while working safely within your own comfort level.

You'll also learn foundational wellbeing techniques—including breathwork, mindfulness, and short guided relaxations—that encourage calm, reduce stress, and promote a greater sense of ease in daily life.

The course aims to equip you with practical tools you can continue to use beyond the sessions, helping you build confidence, improve body awareness, and foster long-term wellbeing. Chair yoga is designed to be inclusive and adaptable for all ages, fitness levels, and physical abilities, with a focus on slow, mindful, and supportive movement.
