

Photography - Exploring Different Genres

About the Course

This course is to help you gain more confidence on how to start using your digital camera. This course is for complete beginners. Photography is a form of art that allows us to capture and preserve memories, moments, and emotions. On this course you will explore different genres of photography such as portrait, landscape, street and wildlife.

Course Learning Outcomes

- Understand many different genres of photography
- Choose one genre of photography that suits your interests and style and take a range of photographs
- Follow how to use cameras and lenses safely

Please note: To successfully complete this course, you must commit to 85% and above attendance and punctuality.

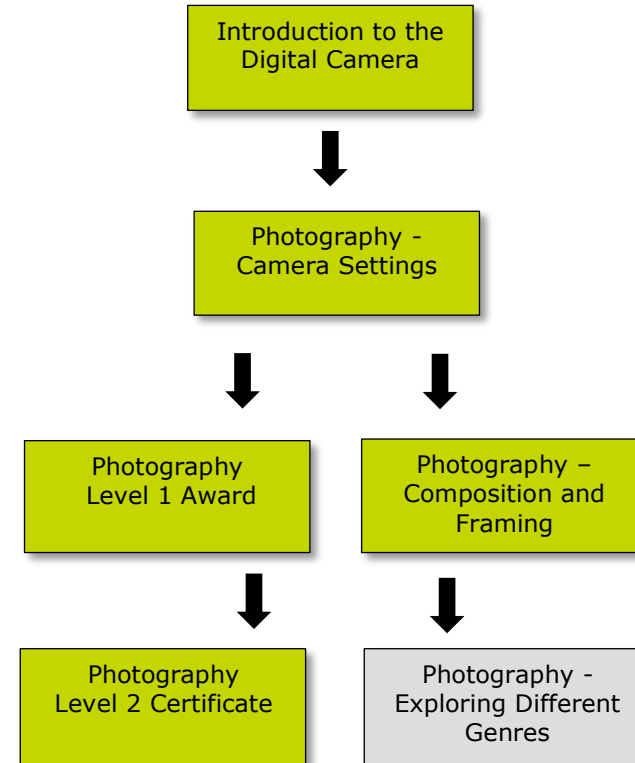

What is needed for the course

There are no specific recommended prior learning requirements for this course. However, learners may find it helpful if they've already used a digital camera before, camera phone or taken any previous photography course.

All equipment including a camera will be provided to you on this course.

If you need any additional support, please call us: 02085836000.
