

## WFL-The Power of Engineering(5+)

---

### About this Course

This course is part of our Family Learning Programmes. There are two types of Family Learning Programmes, FEML and WFL, and this course is part of our WFL offer.

WFL Programmes are aimed to give parents / carers and their children the opportunity to explore ways as to how they can learn together in a fun way. (\*for FEML course please see our FEML programme offer)

This session is for adults and children to learn together how engineering impacts our world. You and your child/ren will be given an opportunity to work on a mini engineering project.

---

### What will I learn?

#### After this course you will be able to:

- Explain how engineering impacts our world
- Complete a mini engineering project working together with your child/ren

---

### What are the entry requirements?

- **What is required to attend the course?**
- These sessions are for adults and children to work together - parents will need to supervise their children at all times.
- For health and safety reasons, children must be over the age of 5 years to attend these sessions.
- Please note we can only accommodate 1 adult to 2 children per family
- If your child needs any extra assistance within the class, please be sure to let our staff know when enrolling

---
